

# NCP23-32

Specialist Knowledge to Teach Mathematics

## Secondary Teaching Assistants

Phil Eadie

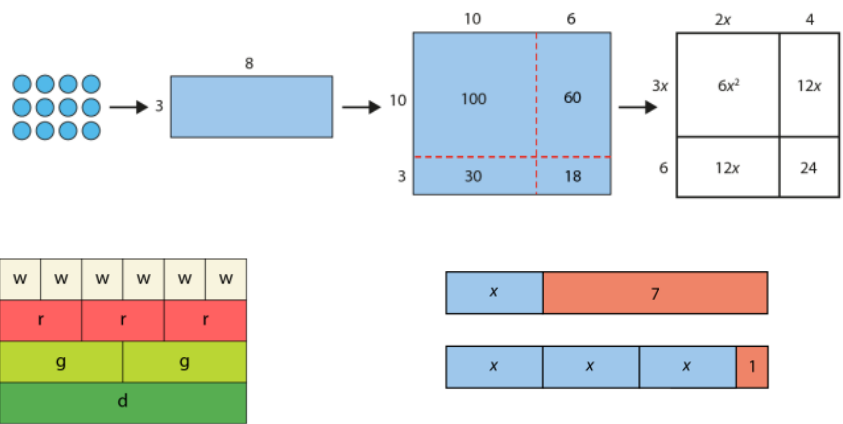

### Outline

This programme will be relevant for teaching assistants who work for most of their time with students in the KS3 maths classroom or who lead intervention sessions with groups of students. The participants' schools must already be engaged with a Teaching for Mastery Work Group (Developing/Embedding/Sustaining), and this programme will complement this provision.

### What is involved?

The programme will be run over eight, half-day workshops and the participants must commit to attending all sessions. Participants will develop their specialist knowledge with a focus on using precise mathematical language, representations, and reasoning within each of the topics: addition and subtraction; multiplication and division; ratio; and fractions.

In addition to attendance at these sessions, participants will be asked to carry out follow-up tasks in their schools to enable practice transfer to the classroom.

### Workshop details

All workshops will be conducted on-line to avoid the need for travel across our large hub region. Make sure you have access to a suitable device (laptop or large tablet) with sound, microphone and camera and in a location where you can engage without interruption or distraction.

- Workshop 1 – 1300-1530 Thursday 16<sup>th</sup> November 2023
- Workshop 2 – 1300-1530 Thursday 23<sup>rd</sup> November 2023
- Workshop 3 – 1300-1530 Friday 12<sup>th</sup> January 2024
- Workshop 4 – 1300-1530 Thursday 18<sup>th</sup> January 2024
- Workshop 5 – 1300-1530 Thursday 29<sup>th</sup> February 2024
- Workshop 6 – 1300-1530 Thursday 7<sup>th</sup> March 2024
- Workshop 7 – 1300-1530 Friday 19<sup>th</sup> April 2024
- Workshop 8 – 1300-1530 Thursday 25<sup>th</sup> April 2024
