

Secondary Subject Leadership

Phil Eadie
Darren White
Sam Kent
Richard Perring

NCP23 - 15

What is involved?

Participating subject leaders will help determine the content of this Work Group. It is your Work Group!

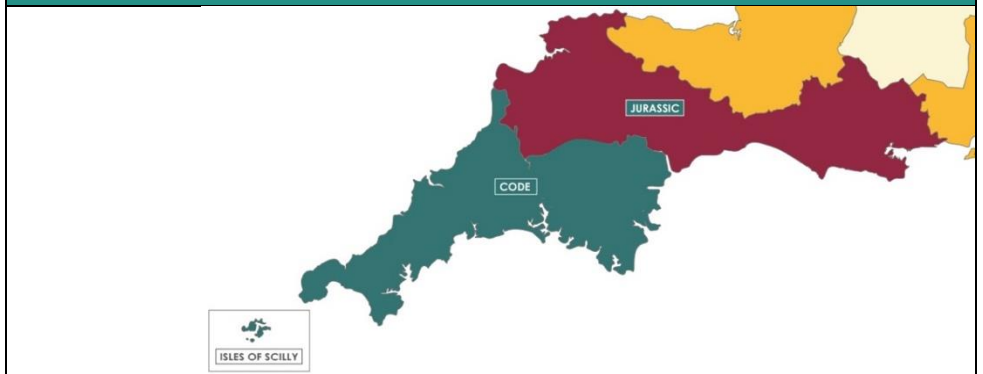

Building upon last year, we shall also consider the implications for maths departments of the Ofsted Subject Report. This will include developing problem-solving within your curriculum.

On-line sessions will be conducted collaboratively between participants within Jurassic and CODE Maths Hub regions.

Face to face workshops will be within Maths Hub regions to reduce travel.

Maths Hub Regions

Workshop details

Event	Hub	Date	Time	Location
Launch Online	Both	Thursday, 16 November 2023	16:00 – 17:30	Online
