

Sustaining Teaching for Mastery

Maths Hub Network
Collaborative Projects
2023/24

Fully funded by the Maths Hubs programme.
This offer is **free** to state funded schools.

Outline

Eligible schools in 2023/24 will have a choice from the four Work Group options below, depending upon their preferred focus and stage of development. Eligible schools will have previously completed the *Developing TfM* phase of the programme or have been the host schools of TfM Specialists.

Optional themes:

A – Developing Mathematical Thinking

This Work Group is designed to support the development of a curriculum which includes explicit problem-solving strategies.

[Link to sign up for this option.](#)

For further information, please contact the Work Group Lead, [Lucy Prince](#).

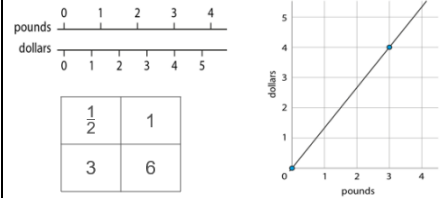

On-line workshops 1330-1530:
Thursday 8th February 2024
Friday 22nd March 2024
Wednesday 24th April 2024
Thursday 27th June 2024

B – Developing Coherence

This Work Group supports participating schools develop strategies to ensure a coherent curriculum experience, focussed upon ratio and proportion, for students as they progress through KS3 and KS4.

[Link to sign up for this option.](#)

For further information, please contact the Work Group Lead, [Stephanie Schoemaker](#).

Afternoon workshops, on-line:
Wednesday 21st February 2024
Wednesday 25th April 2024
Wednesday 26th June 2024

C – Developing Coherence Across Maths & Science

This Work Group is jointly lead by specialists in maths and science to support schools develop improved coherence between these curriculum areas.

[Link to sign up for this option.](#)

For further information, please contact the Work Group Lead, [Clare Sargeant](#).

On-line twilights 1600-1730:
Tuesday 16th January 2024
Tuesday 27th February 2024
Wednesday 13th March
Tuesday 30th April 2024
Tuesday 11th June 2024

D – Principles of Teaching for Mastery

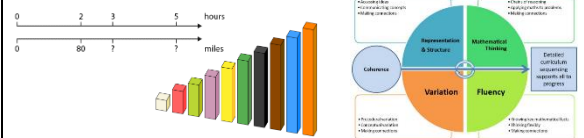

Improving provision for low-attaining year 7 pupils.

This option would suit schools that would like to return to first-principles due to a change of team, for example. We shall consider the principles and aims of Teaching for Mastery and the associated pedagogy such as: variation, representation, mathematical thinking, fluency and coherence.
